

September 20, 2017

We are excited to announce that we will be switching our Security Bank Debit Cards to the MasterCard® brand. With this change, you will receive enhanced fraud protection for your card. Your new card will work at all the places you currently use your card now. All cards will have an EMV chip for the most robust card security available. You must use your new Security Bank MasterCard® Debit Card beginning October 23rd. Your current Visa® Debit Card will not work on that day.

WATCH FOR YOUR CARD A Security Bank MasterCard® Debit Card will be mailed to you the week of October 9th.

Activate your card as soon as you receive it.

- You will choose your PIN number during activation.
- It can be the same 4 digit PIN you currently use or you can create a new one.
- Your Mastercard® Debit Card cannot be used for purchases until Monday, October 23rd.

Step 1

Begin using your new Security Bank MasterCard® Debit Card on October 23rd.

- Do not destroy your old Visa® Debit Card until Monday, October 23rd.

Step 2

Recurring Payments:

- If you have recurring payments to merchants using your card, you will need to notify them of your new card number and expiration.

Step 3

Due to the brand change, an updated EFT (Electronic Funds Transfer) disclosure is included for your review.

As part of enhanced fraud protection, if there is a suspicious transaction made with your card you may receive a text message notification from our fraud monitoring partner. Text back your response to let them know if you did or didn't make the purchase.

We will also be announcing a new app you can put on your phone that will allow you to turn your card on and off. We will send additional information on that in the future.

IMPORTANT DEBIT CARD UPGRADE

October 23, 2017

Your Mastercard® Debit Card cannot be used for purchases until Monday, October 23rd.

DO NOT destroy your VISA® Debit Card until Monday, October 23rd!
